

Annual Report 2025

Executive summary

Revenue grew 34% year over year, driven by the storage tier launched in Q2.

Highlights

- 1.2 PB stored across 480k objects
- Median retrieval latency down to 180 ms
- Two regions added (SG, FRA)

Outlook

We expect the next fiscal year to focus on cold-storage economics.

Financials

Revenue by quarter

Q1 1.82 M

Q2 2.14 M

Q3 2.48 M

Q4 2.91 M

Cost of goods

Bandwidth remains the single largest line item at 41% of COGS.
